Do not redefine the term "woman" to include a subset of males.  
Keep women's and girls' sports, changing rooms, bathrooms, domestic violence shelters, other shelters, prisons, etc., single sex.  
Do not allow males to qualify as males through self ID or surgery.

**CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.**

Please maintain Title IX on the basis of sex. Do not include males who identify as females in women's athletics, scholarships, and single-sex spaces like changing rooms, locker rooms, bathrooms, shelters, prisons, and other single-sex accommodations.

Protect women's and girls' sports, and keep sports for girls, not boys who claim to be girls. These boys are completely free to play with the boys. No boys are prevented from participation in sports. That is a lie. Sports participation needs to be based on sex, and sex is based in biology, not a feeling in one's mind.

Girls and women need single sex spaces, sports teams, etc. Please preserve the fairness of sports!
