It's dismaying to me that there is a push to have more of the perverse and pervasive LGBTQ agenda pushed on our children in our government school system. This would totally abolish the ability to honor the religious freedom upon which our country was founded. This would make our girls unsafe and unable to fairly compete. There is no Biblical or scientific basis to allow boys to lie and say they are girls or for girls to lie and say they are boys. We need to get back to the basics of education, which most kids are sorely lacking as they don't know who fought in the Civil War, etc. Pushing political agendas in schools hurts children in many ways.
