I am writing to you concerning the Department's "Title IX Virtual Public Hearing to gather information for the purpose of improving enforcement of Title IX of the Education Amendments of 1972 (Title IX)."

I OPPOSE any changes in education policies that redefine "sex" to include "sexual orientation" and "gender identity."

All of this gender confusion of the present moment will come toppling down with terrible negative outcomes for the coming generations and the future of our nation. Please stop this lunacy and get on the actual "right side of history", the objective reality side, the scientific side. The side that knows the difference between up and down, left and right, and a boy and a girl.

The Title IX Amendments were clearly crafted to give educational opportunities to women and girls. The Biden Administration and the Department have ignored the definitions, purpose, and scope of this law. The Administration's and the Department's actions, thus far, have shown their rush to redefine law and, worse- harm privacy and steal opportunities for women and girls.

I remember when the Obama Administration threatened Title IX funding if schools didn't force girls to share showers, locker rooms, and hotels with boys. Thankfully, a nationwide injunction stopped it. This Department must not violate the privacy of girls.

Today, girls are being forced to give up their places on podiums at sports events because biological boys are allowed to compete with them. And when they speak up, they are censored. This Department must not force girls to forfeit their opportunities to boys.

Finally parental rights- including rights of parents to teach their children about sex- must be respected. Implementing radical gender ideologies in schools nationwide is NOT the role of the federal government. The Department must reject implementing radical gender ideologies nationwide.
