**Subject:** Affirm Title IX

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

The reasons for Title IX exceptions - on the basis of sex - have not changed. Discrimination and oppression of females based on their sexed bodies is a material fact and overriding that to privilege male bodies in female spheres and spaces is to support gross inequality and continued oppression of female people in the US. This is not the action of a world leading society, it is punitive and regressive.
