I would like to express my support for biological females only in female sports.

Biological sex is a protected human rights category.

I realize gender identity is now too.

But you need to find a way to balance the rights. As things stand, the scales are tipping in favor of gender identity, to the detriment of biological girls and women. **You need to find a fair way to balance these rights, not favor one over the other.**

Save women's sports. Protect biological female-only spaces.

Thank you,

Gina B.
