Subject: Gender Identity and Sexual orientation executive orders

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

As Father of the Constitution, James Madison wrote in his Memorial and Remonstrance that a Great Barrier exists to protect churches from government interference and regulation. The application of these executive orders not only interfere with faith based institutions but they also discriminate against females by allowing biological males to compete in women's sports. These young athletes could easily be deprived of scholarships.
