To Whom it may concern:

I write this in regards to Biden's two executive orders regarding Title IX and the redefinition of "sex" to include sexual orientation and gender identity. This is a critically important issue that will have profound consequences for my children and for education of all kinds.

"The Biden administration wants to expand the definition of the word "sex" to include "sexual orientation and gender identity," believing this will stop "discrimination." It would have the opposite effect on religious schools, opening the door to an attack on First Amendment rights that currently protect those schools - public and private - which adhere to Biblical teaching on gender and sexuality. Federal funding could be removed from such schools. Other practical applications could include such things as housing (placing males who "identify" as females in female dorms and vice versa), bathrooms and locker rooms, inclusion on sports teams (allowing biological males to compete against females), and teachers and other staff referring to a person by their "preferred" identity rather than pronouns reflecting biological sex."

Today's cancel culture is destroying all that is pure and sacred. I am taking a stand against these executive orders and ask that our children are protected against such monstrosity. It really is quite simple and it's worked for all of history. Keep our boys and girls separate. There is too much room for perversion if not. RELIGIOUS FREEDOM DEMANDS JUST THAT - FREEDOM. As a believer of Bible in its entirety, this sexually perversive culture is rotting our moral roots that have kept us together for so long. I stand on the Word of God and what the Bible says about calling good evil and evil good. WAKE UP! This is what's happening. I would not want to be on the wrong side of HISTory. So, this is why I speak up for the innocent children who have no say in the matter. The children who are forced to go with the flow of whatever politics and culture deems is "woke" enough. THIS IS HURTING OUR KIDS! I do not want my little girl in a bathroom with boys, in a classroom where they are taught that it's normal to have different pronouns, or in a sport that she's worked hard to achieve a title to be stripped away by a boy who identifies as a girl and is biologically stronger than her. NOT FAIR. NOT RIGHT. Hello? Where are the feminists? How can this be right?

Please take my words seriously. I am a concerned mother from (b)(6) who is standing up for what is right.
