Girls need personal privacy and separation from males, when they are in vulnerable spaces, eg., places of undress, or where they have to attend to their monthly cycles.

Sex segregation in personal spaces such as lockers, restrooms and other areas where girls may be in various forms of undress is a matter of human dignity. Please consider upholding sex segregated spaces, and consider transforming the boys bathroom into a Unisex one with separated stalls inside for privacy.

Thank you so much for the opportunity to share my view.
