I'd like to thank the group before us today for their time.

My only comment/ concern is the conversation that has taken place recently with regards to women's sports. While I'm sensitive to the trans-community, I'm concerned for taking steps backwards with girl's and women's rights and right to play sports.

I would have no issue of the board decided all sports were played with as groups together.

I can't whole heartedly support a quasi-separation that only leads to conflict, confusion, and unequitable outcomes.

Kind regards,

A female citizen (me)
