I am the parent of three division one college athletes, two male and one female.
My family is very concerned about anything that reduces or infringes upon due process for accused students, no matter the alleged offense.

If this happens, there will be two inevitable effects:

- 1) Less accuracy in outcomes and justice; and
- 2) A dangerous precedent that will not be confined to only certain kinds of cases or to Title IX matters.

Our system of justice is built on the fundamental principles of the presumption of innocence and the promise of full due process.

Please remember these principles and protect them carefully.

Thank you.
