- Transgender girls are biological males and, as Olympian Caitlyn (Bruce) Jenner notes, "That's why I oppose biological boys who are trans competing in girls' sports in schools. It just isn't fair. And we have to protect girls' sports in our schools."
- The First Amendment is still the First Amendment and religious schools which adhere to Biblical teaching on sexuality are protected by it.
- The majority of Americans do not want their taxpayer dollars used to force religious schools to abandon Biblical teaching.

The Oxford Dictionary defines sex as:

either of the two main categories (male and female) into which humans and most other living things are divided on the basis of their reproductive functions.

Sexual orientation and gender identity are not included in the definition. Why would you apply to a college that at it's foundational principles does not agree with your beliefs?

Thanks in advance
