While I fully believe in support ALL students, I do not believe that allowing sexual orientation/gender identity students to participate in athletics, not of their original birth sex, should be allowed.

Title IX was designed to create an equal playing field for all athletes. Even though we are allowing a student to choose their sexual orientation, the very core of their existence, DNA, does not change!

An UNEQUAL and advantageous playing field is created, in complete and total contrast to Title IX, therefore discriminating against true female athletes (of true male athletes).

PLEASE do not support any language that puts students at a competitive disadvantage.

In Education,

Principal
Boonville High School
