Quite simply, NO to Self ID. NO to anything that allows predatory males to identify as women and access sex-segregated spaces. NO to transgender ideology taking over academia, NO to males in women's sports, NO to the surgery or lifelong medicalization of vulnerable children. NO to the erasure of women as a protected sex class in law or language. NO to males self identifying as females in order to access women's scholarships or political positions. NO. I speak for the majority of women in the US when I say women are real people, not an idea in a male's mind.
