Dept of Education.

Here is my input for the T9 Public Hearing regarding protection of Women's Sports!

Do not allow males to compete in Women's Sports.

Male bodies are different than female bodies. Each sex needs to compete with same sex athletes, only. Just because someone dresses like the opposite sex or thinks they feel like the opposite sex, that does not change their biology. Male bodies can only fairly compete with other males.

Female bodies can only have fair competition against other female bodies.

Do NOT confuse sex with the undefined terminology of gender identity. Competition must be based on biology, not philosophy or politics or lies! Do not erase women's sports by allowing male bodies to compete against females.
