Hello Education Department:

Please allow girls, real girls -- young human females -- the privacy and dignity of single SEX locker rooms, and the fairness of single SEX sports.

If I were in school today and the progressives demanded I share a locker room with a 'girl with a penis,' I would demand to be home schooled. My modesty, my privacy, does not belong to government officials to give away.

I must say this demand that males be allowed into girls and women's locker rooms and sports has not endeared me to the people of the rainbow. Surveys show that acceptance of LGBTQ+++ is declining, particularly among young women. For good reason.
