Subject: Sex not "gender" - Females are female BECAUSE of their biology. Females are not a testosterone level. No females have penises!

Re: EO 13988 -

"Gender identity" is gobbledygook based on stereotypes. Sex is immutable. There are only 2 sexes, male or female. Both are apparent at birth. Stop lying. Keep female-only spaces, language and biology, sex-segregated. Women and girls have the right to EXCLUDE men and boys from female-only spaces, language and biology. Females, women and girls DO NOT HAVE PENISES!

Stop confusing and sexualizing children with this anti-biology, misogynistic gobbledygook.

"gender-identity" gobbledygook. Stop disrespecting and endangering women and girls by allowing MEN to just declare themselves "women" based on what? Explain explicitly how this is done? What exactly is "trans?"
